Microsoft Corporation Purchase Order Terms & Conditions ("PO Terms")

1. **Acceptance and Effect**. These PO Terms are between Microsoft Corporation or any of its US subsidiaries ("Microsoft") and the supplier identified in the applicable SOW ("Supplier") and cover:

a. "Cloud Services" mean the services, websites (including hosting), solutions, platforms, and products that Supplier makes available under or in relation to these PO Terms, including the software, mobile apps, equipment, technology, and services necessary for Supplier to provide the foregoing.

b. "Deliverables" mean all work product developed by Supplier (or Supplier's approved subcontractor) for Microsoft as part of the delivery of Goods, Services or Cloud Services, including intellectual property (IP) in connection with these PO Terms. Deliverables are "work made for hire" for Microsoft as that term is defined under copyright law.

c. "Goods" mean software and/or tangible goods licensed or purchased by Microsoft under these PO Terms.

d. "Services" mean professional services, advertising, consulting services, and support and maintenance services purchased by Microsoft under these PO Terms.

e. "SOW" means any of the following: (1) Microsoft purchase orders; (2) statements of work or other order forms signed by both parties' authorized representatives; or (3) written agreements signed by both parties' authorized representatives referencing, and subject to, these PO Terms.

These PO Terms are effective upon Supplier's commencement of performance or the date of Supplier's signature on the applicable SOW, whichever is earlier. Except as set forth in Section 2 below, Supplier's acceptance of these PO Terms is expressly limited to these terms and conditions without counterproposal.

2. **Relationship to Other Agreements**. The terms and conditions of these PO Terms are the complete and binding agreement between Microsoft and Supplier except:

a. If the parties mutually executed an agreement, such as a Microsoft Supplier Services Agreement, which is effective on the date of these PO Terms and applies to the Goods, Services, Deliverables, or Cloud Services ordered with these PO Terms, and that agreement applies to the relationship of the parties governed by these PO Terms, then the provisions of such agreement are incorporated. If a conflict arises between these PO Terms and such agreement, to the extent of that conflict, the terms of such agreement will apply. For the purposes of these PO Terms, online terms or agreements that Microsoft accepts to login or access Goods, Services, Deliverables, or Cloud Services, such as installed applications, embedded software, software as a service, or a platform, are not an agreement that has been "mutually executed" and will not replace, supplement or amend the terms in these PO Terms in any way.

b. If multiple agreements with similar or contradictory provisions could apply to these PO Terms, the parties agree the terms most favorable to Microsoft will apply, unless the result would be unreasonable, unconscionable, or prohibited by law.

c. Except as stated above in this Section 2, and other than changes described in Section 9 and the Termination provisions in Section 14, additional or different terms (for example, online terms or agreements) will not supersede these PO Terms unless the parties mutually execute a written document.

3. **Packing, Shipment and Returns of Goods or Deliverables**. Unless specifically provided in these PO Terms:

a. **Packing.**

(1) Price based on weight will include net weight only.

(2) Supplier will not charge Microsoft for packaging or pre-shipping costs, such as boxing, crating, handling damage, drayage, or storage.

b. **Shipping.**

(1) Supplier will mark all containers with necessary handling and shipping information, PO number(s), date of shipment, and names of the consignee and consignor.

(2) An itemized invoice and packing list, and other documentation required for domestic or international transit, regulatory clearance or identification of the Goods or Deliverables will accompany each shipment.

(3) Microsoft will only pay for the quantity received, not to exceed the maximum quantity ordered.

(4) Microsoft or its agent will hold over-shipments at Supplier's risk and expense for a reasonable time awaiting Supplier's shipping instructions.

(5) Microsoft will not be charged for shipping or delivery costs.

(6) Unless otherwise agreed, Goods and Deliverables will be delivered on the 10 day after the purchase order date:

(1) FOB to the Microsoft designated delivery location if the Goods and Deliverables originate in the same jurisdiction as the Microsoft designated delivery location; or

(2) DDP (Incoterms 2010) to the Microsoft designated delivery location for cross border delivery of Goods and Deliverables to the Microsoft designated delivery location.

(7) Supplier will bear all risk of loss, damage, or destruction to the Goods or Deliverables, in whole or in part, occurring before final acceptance by Microsoft at the designated delivery location. Microsoft is responsible for any loss caused by the gross negligence of its employees before acceptance.

c. **Returns**. Supplier will bear the expense of return shipping charges for over-shipped quantities or rejected items.

4. **Invoicing**.

a. Unless otherwise agreed, Supplier will invoice Microsoft monthly in arrears and only for accepted Goods, Services, Deliverables, and Cloud Services.

b. Supplier will invoice Microsoft as per instructions received in their PO email notification. Therefore, Supplier will invoice Microsoft:

- Either using SupplierWeb (https://supplier.microsoft.com) according to the then-current process;
- Or, using the SAP Business Network Supplier for purchase orders sent via Ariba.

Microsoft's invoicing process uses SupplierWeb (https://supplier.microsoft.com), a web-based application provided by Microsoft that enables payees to submit electronic invoices directly to Microsoft either individually or through mass upload for multiple invoices. Payee should contact the Microsoft Accounts Payable Help Desk at https://www.microsoft.com/en-us/procurement/contracting-apsupport.aspx with any questions or utilize the self-help sections within SupplierWeb or the SAP Business Network for invoice guidance. Invoices must contain the following information: PO number, item number, description of item, quantities, unit prices, extended totals, packing slip number, shipping, ship to city and state, taxes, and any other information reasonably required by Microsoft. Supplier will not charge Microsoft for researching, reporting on, or correcting any errors relating to its invoices.

c. Microsoft may dispute any invoice by providing written notice or partial payment. Microsoft will make commercially reasonable efforts to notify Supplier in writing of any disputed amount within 30 days of receiving the applicable invoice. Neither failing to provide notice nor payment of an invoice is a waiver of any claim or right.

5. **Payment Terms, Cash Discounts, Offset, and Expenses.**

a. After Microsoft accepts the Goods, Services, Deliverables, or Cloud Services and receives a correct and undisputed invoice (the "Create Date"), Microsoft will release payment by net 15 days less a 2% discount on the invoiced amount or by net 30 days with no discount, following the Create Date.

b. Microsoft is not obligated to pay any invoice received from Supplier more than 120 days after Microsoft accepts the Goods, Services, Deliverables, or Cloud Services.

c. Payment of an invoice will not constitute acceptance under these PO Terms, and is subject to adjustment for errors, shortages, defects, or other failure of Supplier to meet the requirements of these PO Terms.

d. Microsoft may set-off amounts owed to Microsoft against an amount Microsoft owes Supplier or Supplier's affiliated companies. Microsoft will provide notice to Supplier within a reasonable time after the set-off.

e. Unless otherwise agreed, Supplier is responsible for all expenses incurred providing the Goods, Services, Deliverables, or Cloud Services and performing under these PO Terms.

6. Taxes.

a. Except as otherwise provided below, the amounts to be paid by Microsoft to Supplier do not include sales, value added, goods and services or similar taxes or regulatory charges ("*Transaction Taxes*"). Microsoft is not liable for any taxes or other regulatory charges the Supplier is legally obligated to pay, including net income or gross receipts taxes, franchise taxes, and property taxes. Microsoft will pay Supplier any sales, use, goods and services, or value added taxes it owes due to these PO Terms and which the law requires Supplier to collect from Microsoft.

b. Microsoft will not be involved in the importation of the Goods, Services, Deliverables, or Cloud Services, and import taxes, including tariffs, are the responsibility of the Supplier unless otherwise agreed in a SOW.

c. If Microsoft provides Supplier a valid exemption certificate, Supplier will not collect the taxes covered by such certificate.

d. If the law requires Microsoft to withhold taxes or other regulatory charges from payments to Supplier, Microsoft may withhold those amounts and pay them to the appropriate governmental authority. Microsoft will deliver to Supplier an official receipt for any amounts withheld. Microsoft will use reasonable efforts to minimize amounts withheld to the extent allowed by law.

e. Should any input tax, refund or other benefit under GST provision be denied or delayed to Microsoft that is attributable to:

(1) non-compliance with statutory obligations by the Supplier (including but not limited to failure to upload details of sale on the GSTN portal and failure to deposit appropriate GST to the Government etc.); and/or

(2) failure to furnish documents or furnishing incorrect and/or incomplete documents by the Supplier, the Supplier shall be liable to indemnify Microsoft for any input tax loss, interest and penalty so suffered as per relevant GST provisions. Supplier's indemnification of Microsoft shall be by way of reimbursement or Microsoft exercising a right to set-off and adjust such loss amount(s) against any amounts payable to the Supplier.

7. Inspection and Acceptance.

a. Microsoft may cancel these PO Terms or the applicable SOW if Supplier fails to comply with the standards and specifications in these PO Terms.

b. All Goods and Services will be subject to Microsoft's inspection and testing, at any time and place, including the period of manufacture and before final acceptance. If Microsoft inspects or tests at Supplier's premises, Supplier, without additional charge, will provide all reasonable facilities and assistance for the safety and convenience of Microsoft's inspectors. No inspection or testing done or not done before final inspection and acceptance will relieve the Supplier from responsibility for defects or for other failure to meet the requirements of these PO Terms.

c. If any item provided under these PO Terms is defective in materials or workmanship or not in conformity with the requirements, then Microsoft may reject it without correction, require its correction within a specified time, accept it with an adjustment in price, or return it to Supplier for full credit. When Microsoft provides notice to Supplier, Supplier will promptly replace or correct, at their expense, any item rejected or requiring correction. If, after Microsoft's request, Supplier fails to promptly replace or correct a defective item within the delivery schedule, Microsoft may, at its sole option: (1) replace or correct such item and charge the cost to Supplier; (2) without further notice terminate these PO Terms or the applicable SOW for default, return the rejected item to Supplier at Supplier's expense and Supplier will promptly refund any amounts paid by Microsoft for the returned item; or (3) require a reduction in price.

d. Notwithstanding any prior inspections or payments made, all Goods and Services will be subject to final inspection and acceptance at Microsoft's designated location within a reasonable time after delivery or performance. Records of all inspection work will be complete and available to Microsoft during performance of these PO Terms and for such further period as Microsoft determines.

8. Additional Cloud Services Requirements.

a. **Service Levels.** Supplier will schedule any Cloud Services upgrades or maintenance during the Maintenance Window defined in the applicable SOW. Supplier will provide Cloud Services in accordance with the service levels and terms specified at https://aka.ms/CS_SLA (or any successor link), which is deemed part of documentation (e.g., specifications) and incorporated and made part of these PO Terms.

b. **Business continuity.** Supplier will be responsible for establishing, implementing, testing, and maintaining an effective enterprise-wide business continuity program (including disaster recovery and crisis management procedures) to provide continuous access to, and support for, the Cloud Services to Microsoft. At a minimum, Supplier must, at all times: (1) back up, archive and maintain duplicate or redundant systems that: (i) are located at a secure physical location (other than the location of primary system(s) used to provide Cloud Services); (ii) are updated and tested at least annually; and (iii) can fully recover the Cloud Services and all Microsoft Materials on a daily basis; and (2) establish and follow procedures and frequency intervals for transmitting backup data and systems to Supplier's backup location. On request, Supplier will provide Microsoft with an overview of Supplier's enterprise business continuity program and will promptly and in good faith provide written responses to Microsoft's inquiries in connection with that program to enable Microsoft to review the adequacy of the program.

c. **Transition.** If the applicable SOW terminates or expires, or if Microsoft requests in writing, Supplier will provide: (1) backup media to Microsoft (as reasonably requested by Microsoft) containing all Microsoft Materials (unless the Cloud Services provide this as a self-service function to Microsoft); and (2) all assistance Microsoft reasonably requires (at Microsoft's expense) to timely and smoothly transition from the Cloud Services.

9. **Changes**. Microsoft may suspend Supplier's performance, increase or decrease the ordered quantities, or make changes for Microsoft's reasonable business needs (each, a "Change Order"), by written notice to Supplier, including via e-mail, and without any notice to Supplier sureties, subcontractors, or assignees. Unless mutually agreed, a Change Order does not apply to change the Goods and Services timely and fully delivered before the date of the Change Order. If any change causes an increase or decrease in the cost of, or the time required for, Supplier's performance, an equitable adjustment may be made in the price or delivery schedule or both, if Microsoft agrees to such adjustment in writing.

10. **Tools and Equipment**. All tools, equipment or materials acquired by Supplier for use in providing the Goods and Services, which have been furnished to, paid for by or charged against Microsoft, including specifications, drawings, tools, dies, molds, fixtures, patterns, hobs, electrodes, punches, artwork, screens, tapes, templates, special test equipment, gauges, content, data, and software, will remain or become Microsoft's property, treated as Microsoft Confidential Information, and delivered in good condition, normal wear and tear excepted, by Supplier to Microsoft's designated delivery location per Section 3, immediately upon demand and without cost to Microsoft. Supplier warrants the item(s) and information will not be used for any work or production of any materials or parts other than for Microsoft, without Microsoft's prior written permission. Supplier will identify for Microsoft all third-party IP or software used in conjunction with the Services.

11. **Reports.** Upon request from Microsoft, Supplier will promptly provide Microsoft with a Software Bill of Materials ("SBOM") for all software provided under these PO Terms. Each SBOM will meet the minimum requirements established by the U.S. Department of Commerce or otherwise set forth by Law.

12. **Ownership and Use of the Parties' Respective IP**.

a. Each party will own and retain all rights to its pre-existing IP and any IP developed independently of the Goods, Services, Deliverables, and Cloud Services under these PO Terms, including any of such party's IP rights therein.

b. Microsoft will own all Deliverables, including all IP rights, all media in any format, hardware, and other tangible materials created by Supplier while delivering the Services. Any Supplier work which is a written or customized product or report related to, or to be used in, a Deliverable is regarded as IP.

c. If Deliverables do not qualify as a work made for hire, Supplier assigns to Microsoft all right, title, and interest in and to the Deliverables, including all IP rights. Supplier waives all moral rights in Deliverables.

d. If Supplier uses any Supplier or third-party IP in any Good or Service, Supplier will continue to own Supplier's IP rights. Supplier will grant Microsoft a worldwide, nonexclusive, perpetual, irrevocable, royalty-free, fully paid up right and license, under all current and future IP rights, to use Supplier's and third-party IP consistent with Microsoft's ownership interests under this Section 12.

e. Supplier grants to Microsoft and its affiliated companies (including their employees, contractors, consultants, outsourced workers, and interns engaged by Microsoft or any of its affiliated companies to perform services) a worldwide, irrevocable, nonexclusive, perpetual, paid-up and royalty free license for any Goods that include software or other IP not subject to a mutually executed separate license (including installed applications). The

license allows Microsoft to use such software and IP in connection with Goods. Microsoft may transfer this license to a Microsoft affiliated company, or a successor owner by sale or lease.

f. Supplier grants to Microsoft and its affiliated companies (including their employees, contractors, consultants, outsourced workers, and interns engaged by Microsoft or any of its affiliated companies to perform services) and their end users (if any), to the limited extent necessary to the performance of the Cloud Services, a worldwide, nonexclusive, unlimited, paid-up and royalty free right to access and use, during the term, Cloud Services, in each case for Microsoft's business purposes. Access to the Cloud Services is unlimited unless otherwise specified in a SOW.

g. **Pass through warranties and indemnities**. Supplier assigns and passes through to Microsoft all of the third-party manufacturers' and licensors' warranties and indemnities for the Goods.

h. Title to the Goods (other than licensed software) will pass from Supplier to Microsoft on final acceptance.

i. **Microsoft IP**.

(1) **Supplier may use "Microsoft Materials,"** meaning any tangible or intangible materials, provided by or on behalf of Microsoft, any of its affiliated companies, or their respective end users, to Supplier to perform Services, Deliverables, or Cloud Services, or obtained or collected by Supplier in connection with the Goods, Services, Deliverables, or Cloud Services (e.g., usage data) (including hardware, software, source code, documentation, methodologies, know how, processes, techniques, ideas, concepts, technologies, reports and data). Microsoft Materials may include any modifications to, or derivative works of, the foregoing materials, (i) Personal Data, (ii) trademarks, (iii) inputs and prompts to and outputs generated by an AI Model (as defined below), and any data entered into any Supplier database as part of the Services or Cloud Services. Microsoft Materials do not include Microsoft products obtained by Supplier outside of and unrelated to these PO Terms.

(2) Microsoft grants Supplier a nonexclusive, non-sublicensable (except to subcontractors approved by Microsoft in accordance with these PO Terms), revocable license (i) under Microsoft's IP rights in the Microsoft Materials to copy, use and distribute Microsoft Materials provided to it only as necessary to perform the Services in accordance with these PO Terms, and (ii) to use Microsoft Materials only as necessary to perform the Cloud Services in accordance with these PO Terms. Supplier will not Sell, share, license, or otherwise commercialize any Microsoft Materials.

(3) Microsoft retains all other interest in Microsoft Materials and related IP rights. Supplier has no right to sublicense Microsoft Materials except to approved subcontractors as required to perform the delivery of Goods, Services, Deliverables, and Cloud Services. If the Microsoft Materials come with a separate license, the terms of that license will apply and those terms control in the case of conflict with these PO Terms. Supplier will obtain a separate license to any Microsoft products or services used in connection with the Good, Services, Deliverables, or Cloud Services.

(4) Supplier will take reasonable precautions to protect and ensure against loss or damage, theft, or disappearance of Microsoft Materials.

(5) Microsoft may revoke the license to Microsoft Materials at any time for any reasonable business reason. The license will terminate automatically on the earlier of the expiration or termination of these PO Terms or an applicable SOW. Supplier will promptly return any Microsoft Materials on request or termination of Supplier's license.

(6) **Regarding Supplier's use of Microsoft Materials:**

(i) Supplier will not modify, reverse engineer, decompile, or disassemble Microsoft Materials except as allowed by Microsoft;

(ii) Supplier will leave in place, and not alter or obscure proprietary notices and licenses contained in Microsoft Materials;

(iii) Microsoft is not obligated to provide technical support, maintenance, or updates for Microsoft Materials;

(iv) all Microsoft Materials are provided "as-is" without warranty; and

(v) Supplier assumes the risk of loss, damage, unauthorized access or use, or theft or disappearance of Microsoft Materials in Supplier's (or subcontractor's) care, custody, or control.

(7) No Microsoft Materials, IP or Confidential Information, may be used by Supplier or an AI Model to customize, train, or improve, directly or indirectly, any artificial intelligence model or product,

including any AI Model, (collectively, "AI Training") without Microsoft's express prior written consent. Any AI Training without obtaining such consent is a material breach and Supplier's limitation of liability in Section 19 will not apply to claims based on a breach of this section. If Microsoft provides such consent, the parties will first enter into a separate written agreement that addresses the terms governing the AI Training. "AI Model" means any artificial intelligence model (which includes any deep learning or machine learning model) used in connection with or incorporated into the Goods, Services, Cloud Services, or any Deliverable.

13. Representations and Warranties. Supplier represents and warrants that:

(2) will not be subject to license terms that require any (i) Microsoft product, service, or documentation, or any Supplier or third-party IP licensed to Microsoft, or documentation which incorporates or is derived from such Goods, Services, Cloud Services, Deliverables, or Supplier or third-party IP, or (ii) Microsoft Materials or Microsoft IP, to be licensed or shared with any third party;

f. the Goods, Services, Cloud Services, Deliverables and any Supplier or third-party IP provided to Microsoft under these PO Terms will not:

Microsoft may suspend or terminate these PO Terms immediately to the extent that Microsoft reasonably concludes that continued performance would violate Trade Laws or put it at risk of becoming subject to sanctions or penalties under Trade Laws. Supplier is responsible for ensuring compliance with the transfer or re-transfer of intangible items, such as technology. Supplier agrees to provide Microsoft with the import/export control classifications and information, including documentation, on the applicable import, export, or re-export authorizations, and all necessary information about the Items for any required import, export or re-export procedures and/or licenses, without additional cost to Microsoft. For additional information, see https://www.microsoft.com/en-us/exporting. "Law" means all applicable laws, rules**,** statutes, decrees, decisions, orders, regulations, judgments, codes, enactments, resolutions, and requirements of any government authority (federal, state, local, or international) having jurisdiction;

h. Supplier will comply with all applicable Anti-Corruption Laws. While performing under these PO Terms, Supplier will provide training to its employees on compliance with Anti-Corruption Laws and, upon request by Microsoft, will complete Microsoft's standard online training for supplier compliance with Anti-Corruption Laws; and

b. Services performed, where Microsoft retains the benefit after the effective date of termination; or

c. Cloud Services delivered before the effective date of termination (or any post termination transition requested by Microsoft). Supplier will (without prejudice to any other remedies Microsoft may have) provide a pro-rata refund to Microsoft for any prepaid unused fees.

15. **Security, Privacy, Artificial Intelligence and Data Protection**. Supplier will comply with the following, at its own cost and expense.

a. Without limiting Microsoft's audit rights in these PO Terms, Supplier will (1) participate in the Microsoft Supplier Security and Privacy Assurance ("SSPA") program, as required by Microsoft, including by attesting to Supplier's compliance status with respect to all applicable portions of Microsoft's then current Supplier Data Protection Requirements ("DPR") on an annual basis (or more frequently if additional portions of the DPR become available), and (2) comply with Microsoft's then current DPR. See https://www.microsoft.com/en-us/procurement/supplier-contracting.aspx and Supplier Security and Privacy Assurance (SSPA) (aka.ms) for SSPA program details, including the program requirements and current DPR.

Those measures will be set forth in a Supplier security policy. Upon Microsoft's request, Supplier will make that policy available to Microsoft, along with descriptions of the security controls in place for the Services and Cloud Services, and other information reasonably requested by Microsoft regarding Supplier security practices and policies.

c. When Supplier provides Cloud Services: 1) At Supplier's cost, Supplier will maintain a valid certification under the International Organization for Standardization standard ISO 27001 or a valid SOC 2 Type II attestation report ("Supplier Certification"). Supplier will promptly provide to Microsoft upon Microsoft's request a full copy of the Supplier Certification. The Supplier Certification will cover all Cloud Services, except cloud infrastructure services provided by cloud infrastructure providers other than Supplier or its affiliates. (2) Supplier will only use the cloud infrastructure provider ("CIP") identified in the applicable SOW in providing Cloud Services and will notify Microsoft at least 90 days before it changes, adds, or undertakes any plan to change, the CIP and at least 30 days before any change in location of Microsoft Materials. If Microsoft rejects the change, it may terminate the applicable SOW immediately, with no further obligations.

d. Supplier will comply with the privacy and data protection requirements in Exhibit A.

e. Without limiting Supplier's obligations under these PO Terms, including the DPR, on becoming aware of any Security Incident (defined below), Supplier will:

(1) notify Microsoft without undue delay of the Security Incident (in any case no later than it notifies any similarly situated customers of Supplier and in all cases before Supplier makes any general public disclosure (e.g., a press release));

(2) promptly investigate or perform required assistance in the investigation of the Security Incident and provide Microsoft with detailed information about the Security Incident, including a description of the nature of the Security Incident, the approximate number of Data Subjects affected, the Security Incident's current and foreseeable impact, and the measures Supplier is taking to address the Security Incident and mitigate its effects; and

Supplier will comply with this Section 15(e) at Supplier's cost unless the Security Incident arose from Microsoft's negligent or willful acts or Supplier's compliance with Microsoft's express written instructions.

Supplier must obtain Microsoft's written approval before notifying any governmental entity, individual, the press, or other third party of a Security Incident that affected or reasonably could affect Microsoft, including any Confidential Information that Supplier received from Microsoft or Processed on behalf of Microsoft.

f. **Artificial Intelligence.** Supplier will not use any AI System in connection with or incorporate any AI System into the Goods, Services, Cloud Services, or any Deliverable without Microsoft's prior written consent. Supplier will, at its expense, implement and maintain appropriate technical and organizational measures to ensure any AI System used or developed in connection with or incorporated into the Goods, Services, Cloud Services, or any Deliverable, and any Goods, Services, Cloud Services, or Deliverables intended to be used with or incorporated into an AI System, complies with AI Laws and Policies, including all Policies related to the ethical or responsible use of artificial intelligence technology. Supplier's artificial intelligence program must include processes and controls sufficient to meet the requirements mandated under applicable AI Laws and Policies. Those measures will be set forth in a Supplier artificial intelligence policy, including all documentation needed to demonstrate compliance with AI Laws. Supplier will make that policy available to Microsoft on Microsoft's request along with descriptions of the controls in place for the artificial intelligence technology, and will provide any other information reasonably requested by Microsoft regarding Supplier's responsible artificial intelligence practices and policies. Supplier will cooperate with Microsoft, upon request, to assist Microsoft in responding to an AI Inquiry, including providing Microsoft will all necessary information regarding (1) any AI System used or developed in connection with or incorporated into the Goods, Services, Cloud Services, or (2) any Deliverable, or any Goods, Services, Cloud Services, or Deliverables intended to be used with or incorporated into an AI System. AI Systems include AI Models. "*AI Laws*" means any Laws applicable to Supplier or Microsoft, relating to artificial intelligence systems and technology, including Regulation (EU) 2024/1689 of the European Parliament and of the Council, and any implementing, derivative or related legislation, rule, regulation, and regulatory guidance, as amended, extended, repealed and replaced, or re-enacted. "*AI Inquiry*" means an inquiry by a governmental body, standards body, or similar entity relating to (1) any AI System used or developed in connection with or incorporated into the Goods, Services, Cloud Services, or any Deliverable, or (2) any Goods, Services, Cloud Services, or Deliverables intended to be used with or incorporated into an AI System.

g. **Notifications.**

(1) Supplier must obtain Microsoft's written approval before (i) notifying any governmental entity, individual, the press, or other third party of a Security Incident that affected or reasonably could affect Microsoft, including any Confidential Information that Supplier received from Microsoft or Processed on behalf of Microsoft, or (ii) responding to, or notifying any governmental entity, individual, the press, or other third party of, an AI Inquiry. As part of its notification to Microsoft, Supplier will disclose the identity of the third party and provide a copy of the

notification (if the notification to the third party has not been sent, Supplier will provide a draft to Microsoft). Supplier will permit Microsoft to offer edits or updates to the notification.

(2) Supplier may notify a third party about a Security Incident affecting Personal Data if Supplier is under a legal obligation to do so, provided that Supplier makes every effort to give Microsoft prior notification, as soon as possible and if prior notification is not possible, notify Microsoft immediately once it becomes possible to give notification.

Supplier will comply with the most current Supplier Code of Conduct at https://aka.ms/scoc and the most current Anti-Corruption Policy for Microsoft Representatives at http://aka.ms/microsoftethics/representatives, and any other Policies (*e.g.*, those related to physical or information security or artificial intelligence) or training identified by Microsoft in a SOW or otherwise during the Term, and Supplier will provide such training.

17. **Accessibility**. Any device, product, website, web-based application, cloud service, software, mobile applications, or content developed or provided by or on behalf of Supplier or Supplier's Affiliate under these PO Terms must comply with all legal accessibility requirements. For purchases with a User Interface (UI), this includes conformance to Level A and AA Success Criteria of the latest published version of the Web Content Accessibility Guidelines (WCAG), available at https://www.w3.org/standards/techs/wcag#w3c_all; Section 508 of the Rehabilitation Act, available at https://www.section508.gov; and the European standard EN 301 549 available at https://eur-lex.europa.eu/eli/dir/2016/2102/oj. 18. **No Waiver.** Microsoft's delay or failure to exercise any right or remedy will not result in a waiver of that or any other right or remedy.

19. **Insolvency; Limitations of Liability**.

a. The insolvency or adjudication of bankruptcy, filing a voluntary petition in bankruptcy, or making an assignment for the benefit of creditors by either party will be a material breach of these PO Terms. For these PO Terms, "insolvency" means either (1) the party's liabilities exceed its assets, each fairly stated, or (2) the party's failure to pay its business obligations on a timely basis in the regular course of business.

b. **Limitations of Liability**. EXCEPT FOR THE INDEMNIFICATION OBLIGATIONS STATED IN SECTION 21, A BREACH OF A PARTY'S ARTIFICIAL INTELLIGENCE, CONFIDENTIALITY, SECURITY, PRIVACY, DATA PROTECTION, AND PUBLICITY OBLIGATIONS UNDER THESE PO TERMS, INFRINGEMENT, MISUSE, OR MISAPPROPRIATION OF IP RIGHTS IN CONNECTION WITH THESE PO TERMS, OR FRAUD, NEITHER PARTY WILL BE LIABLE TO THE OTHER FOR ANY INDIRECT, CONSEQUENTIAL, SPECIAL, EXEMPLARY, OR PUNITIVE DAMAGES (INCLUDING DAMAGES FOR LOSS OF DATA, REVENUE, AND/OR PROFITS), WHETHER FORESEEABLE OR UNFORESEEABLE, WHICH ARISE OUT OF THESE PO TERMS, REGARDLESS OF WHETHER THE LIABILITY IS BASED ON BREACH OF CONTRACT, TORT, STRICT LIABILITY, BREACH OF WARRANTIES OR OTHERWISE, AND EVEN IF THE PARTY IS ADVISED OF THE POSSIBILITY OF THOSE DAMAGES.

20. **Subcontracting**. Supplier will not subcontract with any third party to furnish any Goods, Services, Deliverables, or Cloud Services without Microsoft's prior written consent. If Supplier subcontracts any Services or Cloud Services to any subcontractor, Supplier will be fully liable to Microsoft for any actions or inactions of subcontractor, remain subject to all obligations under these PO Terms, require the subcontractor to agree in writing that Microsoft is an intended third-party beneficiary of its agreement with Supplier and require the subcontractor to agree in writing to terms no less protective of Microsoft than the terms of these PO Terms applicable to the work performed by the subcontractor, including the terms in Section 15 of these PO Terms and Exhibit A(Data Protection). Additionally, Supplier will ensure that the Policies, including the Policies in Sections 16 and 17 above, are applicable to all personnel and subcontractors.

21. **Indemnification and Other Remedies.**

If Supplier does not comply with this Section 21(b), then in addition to any amounts reimbursed under this Section 21 (Indemnification and Other Remedies), Supplier will refund all amounts paid by Microsoft for infringing or non-compliant Goods, Services, Deliverables, and Cloud Services and pay reasonable costs to transition Services and Cloud Services to a new supplier.

22. **Insurance.** Supplier will maintain sufficient insurance coverage to meet obligations required by these PO Terms and by Law. Supplier's insurance must include the following coverage (or the local currency equivalent) to the extent these PO Terms or the applicable SOW creates risks generally covered by these insurance policies:

2 Supplier will name Microsoft, its subsidiaries, and their respective directors, officers, and employees as additional insureds in the Commercial general liability policy, to the extent of contractual liability assumed by Supplier in Section 21.

3 With a retroactive coverage date no later than the effective date of these PO Terms or the applicable SOW or Order. Supplier will maintain active policy coverage or an extended reporting period providing coverage for claims first made and reported to the insurer within 12 months after these PO Terms terminate or expire or the applicable SOW or Order is fulfilled.

Supplier must obtain Microsoft's prior written approval for any deductible or retention in excess of $100,000 USD per occurrence or accident. Supplier will deliver to Microsoft proof of the insurance coverage required under these PO Terms on request. Supplier will promptly buy additional coverage, and notify Microsoft in writing, if Microsoft reasonably determines Supplier's coverage is less than required to meet its obligations.

23. **Non-Disclosure of Confidential Matters**. If the parties have entered into a standard Microsoft Non-Disclosure Agreement, the terms of such agreement will apply to and be incorporated in these PO Terms and the existence of and all terms and conditions of these PO Terms and Microsoft Materials will be deemed Microsoft Confidential Information. If the parties have not entered into a standard Microsoft Non-Disclosure Agreement, then Supplier agrees that during the term of these PO Terms and for 5 years thereafter, Supplier will hold in strictest confidence, and will not use or disclose to any third party (except to a Microsoft Affiliate), any Microsoft Confidential Information. The term "Microsoft Confidential Information" means all nonpublic information that Microsoft or an affiliated company designates in writing or orally as being confidential, or which, under the circumstances of disclosure would indicate to a reasonable person that it ought to be treated as confidential. Notwithstanding anything to the contrary in these PO Terms, all Personal Data shared with Supplier or a Supplier affiliate and in connection with these PO Terms is Microsoft Confidential Information. If Supplier has questions regarding what comprises Microsoft Confidential Information, Supplier will consult Microsoft. Microsoft Confidential Information will not include information known to Supplier before Microsoft's disclosure to Supplier, or information publicly available through no fault of Supplier.

    On expiration or termination of these PO Terms or the applicable SOW, or on request by Microsoft or Microsoft's Affiliate, Supplier will without undue delay: (i) return all Microsoft Confidential Information (including copies thereof) to Microsoft or the applicable Microsoft Affiliate; or (ii) where requested by Microsoft or its Affiliate, destroy the Microsoft Confidential Information (including copies thereof) and certify its destruction, in each case unless the Law expressly requires otherwise. For any Microsoft Confidential Information that Supplier retains after expiration or termination of these PO Terms or the applicable SOW (for example, because Supplier is legally required to retain the information), Supplier will inform Microsoft what Confidential Information it is retaining, the justification for that retention, and the applicable retention period(s). Supplier will continue to comply with all terms of these PO Terms applicable to that Confidential Information, including all confidentiality obligations, and those applicable terms will survive such termination or expiration.

24. **Independent Development. Nothing in these PO Terms restricts Microsoft's ability to, directly or** indirectly, acquire, license, develop, manufacture, or distribute, same or similar technology or services to the Goods, Services, Deliverables, or Cloud Services contemplated by these PO Terms. Microsoft may use, market, and distribute such similar technology or services in addition to, or in lieu of, the technology or services contemplated by these PO Terms, including any software or cloud services (in whole or in part).

25. **Audit**. For the longer of (i) 7 years or (ii) the term of these PO Terms plus 4 years, but in no event for a shorter period than required to comply with Law, Supplier will keep usual and proper records and books of account and quality and performance reports related to Goods, Services, Deliverables, or Cloud Services, the Processing of Personal Data, and as otherwise required for legal compliance ("Supplier Records"). During this period, Microsoft may audit and/or inspect the applicable records and facilities to verify Supplier's compliance with these PO Terms, including privacy, security, export compliance, accessibility, and taxes. Microsoft or its designated independent consultant or certified public accountant ("Auditor") will conduct audits and inspections. Microsoft will provide reasonable notice (15 days except in emergencies) to Supplier before the audit or inspection and will instruct the Auditor to avoid disrupting Supplier's operations, including consolidating audits where practical. Supplier agrees to provide Microsoft's designated audit or inspection team reasonable access to the Supplier records and facilities. If the auditors determine that Microsoft overpaid Supplier, Supplier will reimburse Microsoft for any such overpayment. If Supplier overcharged Microsoft 5% or more during an audited period, it will immediately refund Microsoft all overpayments plus pay interest at 0.5% per month on such overcharge. Microsoft will bear the expense of its auditors or inspection team. However, if the audit shows Supplier overcharged Microsoft by 5% or more during such audit period, Supplier will reimburse Microsoft for such expenses. Nothing in this Section limits Microsoft's right to audit Supplier under any other Section of these PO Terms, including Exhibit A.

26. **Assignments**. No right or obligation under these PO Terms (including the right to receive monies due) will be assigned without the prior written consent of Microsoft. Any assignment without such consent will be void. Microsoft may assign its rights under these PO Terms.

27. **Notice of Labor Disputes**. Whenever an actual or potential labor dispute delays or threatens to delay the timely performance of these PO Terms, Supplier will immediately notify Microsoft in writing of such dispute and furnish all relevant details. Supplier will include a provision identical to the above in each subcontract and, immediately upon receipt of such notice, give written notice to Microsoft.

28. **Patent License**. Notwithstanding other conditions stated herein, if Supplier fails in performance according to the terms of these PO Terms, Supplier, as part of the consideration for these PO Terms

and without further cost to Microsoft, automatically grants to Microsoft an irrevocable, non-exclusive, royalty-free right and license to use, sell, manufacture, and cause to be manufactured any and all products, which embody any and

all inventions and discoveries made, conceived, or actually reduced to practice by or on behalf of Supplier in connection with a Deliverable under these PO Terms.

29. **Jurisdiction and Governing Law**. Where Goods, Services, Deliverables, or Cloud Services are provided to Microsoft in the United States, these PO Terms are governed by Washington State Law (disregarding conflicts of law principles), and the parties consent to exclusive jurisdiction and venue in the state and federal courts in King County, Washington. All Cloud Services are deemed provided in the United States if any access or use of Cloud Services by Microsoft occurs in the United States. In all other instances, these PO Terms are governed by the Laws of the country where Microsoft (i.e., the entity other than Supplier who is the contracting entity to these PO Terms) is incorporated or otherwise formed and the parties consent to exclusive jurisdiction and venue in that country. Neither party will claim lack of personal jurisdiction or forum non conveniens in the courts agreed above. The United Nations Convention on Contracts for the International Sale of Goods will not apply to this Agreement. In any action or suit related to these PO Terms, the prevailing party is entitled to recover its costs including reasonable attorneys' fees.

30. **Publicity; Use of Trademarks**. Supplier will not issue press releases or other publicity related to Supplier's relationship with Microsoft or these PO Terms without prior written approval from Microsoft. If written approval is granted, Supplier may only use Trademarks for Services, Cloud Services and Deliverables in compliance with the guidelines at https://www.microsoft.com/en-us/legal/intellectualproperty/Trademarks/Usage/General.aspx.

31. **Severability, URLs**. If a court of competent jurisdiction determines that any provision of these PO Terms is illegal, invalid, or unenforceable, the remaining provisions will remain in full force and effect. URLs also refer to successors, localizations, and information or resources linked from within websites at those URLs. Neither party has entered into these PO Terms in reliance on anything not contained or incorporated in these PO Terms. These PO Terms will be interpreted according to their plain meaning without presuming that they should favor either party.

32. **Survival**. The provisions of these PO Terms which, by their terms, require performance after the termination or expiration or have application to events that may occur after the termination or expiration of these PO Terms or the applicable SOW, will survive the termination or expiration of these PO Terms and the applicable SOW. All indemnity obligations and indemnification procedures will survive the termination or expiration of these PO Terms and the applicable SOW.
