How to cancel a Microsoft 365 subscription

Important

- If you purchased a Microsoft 365 subscription from Google Play or the Apple App Store, contact their customer support for cancellation or refund. For Play Store purchases, go to Learn about Google Play refund policies. For Apple App Store purchases, request a refund from Apple support.
- If you purchased a Microsoft 365 subscription from a third-party retailer such as Amazon or Harvey Norman, please contact them directly to manage your subscription and billing.

Tip

- Thinking of cancelling a Microsoft 365 subscription? Learn how to switch to another plan that better meets your needs.
- If you purchased your subscription in Germany, you can cancel without signing into your Microsoft account. You'll need a few pieces of information to do so. Cancel a Microsoft subscription acquired in Germany.
- Not all cancellations will result in a refund. To check refund eligibility on a Microsoft 365 subscription you purchased from Microsoft, you will need to cancel it first. Learn more about how to get a refund on a Microsoft subscription.

1. Go to account.microsoft.com/services/microsoft365 and if prompted, sign in with the same Microsoft account used to purchase your Microsoft 365 subscription.

   Sign in

2. Select **Cancel subscription** (it might say **Upgrade or Cancel**).

   Note

   If you don't see an option to cancel but see a link that says **Turn on recurring billing**, this means your subscription is already set to expire on the date shown, and you won't be charged after this date. No further action is required - you can continue to use the subscription until it expires.

3. See the **Please review** section at the top of the cancel page.

   Tip

   This may include details of alternative subscriptions, which could be cheaper.

4. Review the additional information on the page, and at the bottom select **I want to keep my benefits** if you decide to keep your subscription, or **I don't want my subscription**, if you choose to go ahead and cancel.

   Important

   If you cancel a Microsoft 365 subscription, your storage allowance will revert to 5GB of cloud storage, which includes your OneDrive and Outlook.com attachments, and 15GB of Outlook.com storage. If you cancel a Microsoft 365 Family or Microsoft 365 Premium subscription, all the people you shared your subscription with will also have their storage allowances reduced.

   If you, or people you shared a subscription with, have used more than the free allowance:

   - You won't be able to upload, edit, or sync new files (such as Camera Roll) to your OneDrive.

- You won't be able to send or receive email in Outlook.com.
- After 6 months, we may delete your OneDrive and all files within it.
- Read the "What happens if you exceed your quota?" section in How Microsoft storage works for more information.
